

**When I Look On Your Face**

*for Jessie and Dexter*

*by Donna Ankney 7/2/2012*

*I look on your face,  
My world, my expectation;  
When I look on your face  
I see my life revealed.*

*'Look on your face  
And I know that God has blessed me.  
My joy could not be more complete.*

*When I look on your face,  
My best friend, my home, my lover;  
I look on your face,  
Your smile as wide as mine,  
'Look on your face  
And your eyes are dancing firelight,  
So lifting, laughing, loving yet calm and strong.*

*Grow old with me  
We'll see the good and bad through.  
Everyday  
A deeper love we'll find  
Dream with me  
And that will keep our love young;  
As fresh as it is on this day,  
As fresh as it is on this day.*

*I look on your face  
My world, my expectation;  
When I look on your face  
I see my life revealed.  
'Look on your face  
And I know that God has blessed me.  
My joy could not be more complete.*
